KATUN®

Do you need a reliable, lower cost alternative to buying a new printer?

Use as a stand-alone device or as a replacement printer in your MPS accounts!

Katun offers high quality remanufactured printers that look and perform like new printers, thanks to a stringent remanufacturing process. As an environmentally friendly company, Katun uses the circular economy model which promotes the optimization of resources in a more sustainable way, while providing a larger lifespan to second-hand equipment.

Katun® Certified Remanufactured Printers and Multifunction Devices

- Performs and looks like a new printer thanks to stringent remanufacturing processes completed in Europe
- Cleaning process good as new
- Boost your profitability when combined with Katun compatible supplies
- Connect to your network and MPS Program Software straight out the box
- Two Years Warranty on Hardware

Katun and the Environment

One of Katun's core values is to protect the environment and to promote sustainability and it does so by taking part in several green initiatives. Katun contributes to the circular economy by encouraging customers to recycle their used cores and cartridges with the company's various recycling partners.

Moreover, Katun's recent partnership with PrintReleaf™, a global company providing an automated software platform that makes reforestation a reality, will allow Katun dealers to offset their paper output by converting pages printed into trees planted.

Katun® Certified Remanufactured Printers and Multifunction Devices

	Model	OEM Part Number	Katun Part Number	Katun PN (UK)	Katun Toner Part Number	Machine Specs	Pricing*
	Samsung ML 3471ND Mono Printer	ML-34710ND	51369	51370	37973 - 10K	Print Speed - 33ppm, Print Resolution 1200 x 1200 dpi, Duplex - Automatic, Memory 64MB, Processor 400Mhz
