Katun® Performance™ Monochrome Toners for use in

Canon iR 1133-series

Printers & MFPs

Katun & OEM PN: see table on pg 2

Increase your profits and receive excellent print quality with this Katun® Performance™ monochrome toner

The addition of this Katun® PerformanceTM toner cartridge for use in still actively sold Canon IR 1133 and various I-Sensys and Lasershot applications, expands Katun's growing product offering for Canon printers. This remanufactured toner cartridge provides outstanding performance and excellent print quality, print after print, ensuring customer satisfaction. Because it's a Katun® PerformanceTM product, it delivers excellent value: immediate cost savings without sacrificing quality.

Benefits:

◆ Performance you can trust

This Katun® Performance™ remanufactured toner cartridge has been developed and rigorously tested to provide outstanding image quality, image density, page yields and fusing, as well as complete compatibility with the OEM toner. Katun's testing and evaluation protocols ensure industry-leading performance – giving you a reliable and profitable alternative to high-cost OEM toner.

Quality remanufacturing process

This remanufactured toner cartridge fits, installs, and performs similar to the OEM product, which helps make the transition from OEM toner to Katun® PerformanceTM toner seamless for your customers. Each cartridge is developed and remanufactured according to strict Katun quality guidelines to ensure reliable, OEM-equivalent print quality and outstanding performance.

◆ An expanding line of toners for use in Canon applications

Katun continues to expand its line of competitively priced toners (monochrome and color) for use in many of the most popular Canon printers and MFPs.

♦ Enhanced profitability – short and long term

These applications are still active in Canon's current monochrome printer portfolio. This Katun® Performance™ toner provides dealers immediate and long-term profit improvement opportunities for a growing machine base.

Machine Overview

First introduced in 2010, these printers are geared towards small office environments or workgroups that required fast network-ready monochrome printers. These machines offered reliable performance while also providing good print quality, reasonably quick output speeds and the lowest cost per page price when compared to printers offered by other OEMs at the time.

Model	Intro	Speed (ppm)	Mfg Status	Functions
IR 1133 Series	Q4 2011	33	Current	Fax/Print/Scan
I-Sensys MF 5800 Series	Q1 2010	30	Current	Fax/Print/Scan
I-Sensys MF 5900 Series	Q4 2011	33	Current	Fax/Print/Scan
I-Sensys LBP 6600 Series	Q1 2010	33	Current	Print
Lasershot LBP 6300 Series	Q1 2010	30	Current	Fax/Print/Scan
Lasershot LBP 6650 Series	Q1 2010	33	Current	Fax/Print/Scan

Product Characteristics

Color	OEM PN	Katun PN	Yield*
Black	3480B006AA 3480B002AA Cartridge 719H	39516	6,000 pages

^{*}Actual yield may vary depending on machine application, as well as machine, environmental and usage conditions
